

- Track lifted
- Other authority's track
- MA Overhead line electrification (OLE) code
(where multiple codes shown, code positioned according to use)
- Approximate OLE code change point (where not a route junction)

Track layout as at 2014
Distances in km

Open station distances from official figures based on a measured distance from Delta to St Peter's Square; all other distances measured. Rochdale branch distances taken via Oldham town centre. Depot layouts from design drawings.
